List your events in the *Cycle* California! calendar*

Standard listings are free and have a maximum of 20 words. Standard listings run for a maximum of four months prior to the event.

Premium listings are $60 each (one-time fee) and have the following benefits:

- A maximum of 50 words
- Are live links to your website
- Run for up to a year prior to the event date
- The fee is waived for qualified event partners

All listings must include the event date & name, location (city, park name, etc.), route lengths, and a public contact (website, email).

We also need to know the type of event (race/recreational, road, gravel, MTB, festival), and who to contact if we have questions (not for publication).

If you have multiple activities (a road ride and a gravel ride) send one listing for each activity.

Listings are due by the 10th of the month prior to publication (March 10 for the April update).

Send your calendar listings or questions to Bob at bmack@cyclecalifornia.com

*All listings are published at the sole discretion of *Cycle* California!
